Sharon Griffiths, of 521 Salem Street, stated she was here this evening in reference to her vehicle that was towed recently by the Brookville Police Department. Ms. Griffiths said she is handicapped and disabled and not having a vehicle has put a stop to all of the things she needs to do, such as go to Columbus once a month. This jeopardizes her Social Security/disability check. Ms. Griffiths stated she has done some research and found from January through October of this year; only four vehicles have been towed for being abandoned vehicles. She does not know if these vehicles were legally licensed. Ms. Griffiths stated the towing of her vehicle has devastated her life because it is the only vehicle that she has and she lives on one income. Ms. Griffiths said the Police Department randomly enforces this rule. Ms. Griffiths stated she can look around her block and see vehicles with handicap stickers that have not moved for two weeks. Her niece's vehicle is currently broke down and it has been parked in front of her residence for more than two weeks and it has not been towed. Ms. Griffiths repeated that this rule is seldom and selectively enforced. Ms. Griffiths said that residents using the ride share program may have vehicles that are parked in front of their residences for four days or more. Ms. Griffiths stated she is not going to let this go until her vehicle is returned to her. It is her only means of transportation and she will return to Council time and time again until she gets her vehicle back.

Mayor Seagraves asked Police Chief Preston when he anticipates having the investigation done regarding the incident with Ms. Griffiths vehicle.

Police Chief Preston stated the investigation should be wrapped up this week.

Police Chief Preston reported one Officer will be out for the next two weeks to attend Evidence Technician Training; and the Detective is still on sick leave which leaves the Department running a little short.
